*Letter overleaf*

Dear Residents,

On September 18, 2024, Surrey Heath Borough Council will debate our petition, which has garnered support from over 1,800 residents and Councillors. This petition opposes:

- 1.Reduction of the free parking period in pay-on-foot car parks from 1 hour to 30 minutes introduced by the Lib Dems
2. Increase in parking tariffs, including season tickets, across all chargeable car parks.
3. Introduction of parking charges at Country Parks, including Frimley Lodge and Lightwater Country Parks.

These proposed changes negatively impact local businesses, community life, and residents' wellbeing.

To ensure our community's voice is heard, please complete a brief online survey. Your feedback will help me present a strong case to the Council.

Your participation is crucial, whether you can attend the meeting or not. Let's make sure our community's concerns are addressed.

Thank you for your support.

Best regards
